

Susquehanna Valley Homeschool Diploma Program, Inc.

We are a Homeschool Diploma Program which offers four specific diplomas for High School graduates of any age.

- ◆ **Academic** - for those students who are planning to attend beyond their twelfth year of schooling.
- ◆ **Business** - for those students who plan to enter into the workplace immediately upon graduation.
- ◆ **General** - for those students who wish to have a diploma but do not intend on further education at this time.
- ◆ **Vocational Technical** - for those students who have specific technical goals and careers pursued in High School.

We guide the home education supervisor in fulfilling the requirements for compliance of the education laws.

We oversee the evaluators of the organization to ensure that high standards are being met and the supervisor and students can be confident in their program's integrity.

We maintain transcripts for graduated students seeking entrance into colleges, universities and employment. Official transcripts, which are sealed, will be sent to institutions of higher education or an employer upon request.

We issue diplomas to individual students of any age who have met all the requirements for graduation specified by Pennsylvania law.
